

THE BISHOP SEARCH COMMITTEE NEEDS YOU!

Part of calling the right bishop for the Diocese of the Rio Grande is to be able to tell candidates who we are and what we expect from a bishop. We need to know what you think the DRG is doing well, what we could do better, and what direction you think a new bishop take the diocese.

We are eager to hear from all interested parishioners your ideas in this regard. Please come to one of the Town Hall Focus Groups listed below so we can collect your thoughts.

We will publish a survey in late May asking specific questions from the members of the diocese. But, before we finalize that survey we need your input on the questions for the survey. Our goal is to get input from everyone, either face to face or electronically. Please do your best to attend one of the Town Hall Focus Groups sessions listed below so you can give us the guidance we need.
